5-Old Business:

*Volunteer Certificates will be available at the Clinic in December. Tim Sanderson will print up about 100 certificates.

*General discussion of Online officials registration and Track & Field Test went well in 2019.

*Online notification of Post-Season meets had a few concerns. At a few of the SQM sites the Athletic Director failed to notify the Starter that meet was cancelled on Thursday. Thus a few starters made the trip only to find out no meet.

*State Officials Advisory Committee-Bill Neal reported that the State Associations are looking to see if housing could be provided at a discounted price to State Officials. Has to go back to Board of Control for consideration. Currently housing is the responsibility of the officials.

*Track & Field Advisory Committee-Ray Wilden reported that he has a meeting coming up in June. Ray will take back to the committee concerns in the running of the Weightmen's Relay. Athletes leaving a field event for a running event should be given 10 minutes.(Good topic to cover during coaches meeting too). Seems that schools are doing a better job of getting umpires for Sprint Medley relay. Concerns of officiating Shuttle Hurdle Relay at local meets. They need to get more help for SHR.
