

IHSAA Boys Track & Field All-Time Best Performances thru May 11, 2024

For the Iowa Track & Field Coaches Website

Corrected May 12, 2024, 11:40 p.m. includes Bound, State Meet Results, Drake Relays & U.S. Prep Meets

Coaches who have an individual or relay performance from previous seasons that qualify for inclusion on the lists please send the performance to Bud Legg: nbsc03@mchsi.com From 2001-2005 Mike Henderson of the IGHSAA and Legg compiled the original ATB lists. After Mike's death in 2005, with the help of coaches and media, Legg, Jason Eslinger at the IGHSAA took sole ownership of the respective lists. Mike Jay, announcer at the Drake Relays and the Iowa State Championships, and former Associated Press writer Chuck Schoffner assisted in this effort. The following lists also denotes the overall State Meet event records and State Meet Class Records.

NOTES:

- * These lists are to preserve the history of the best performances in Iowa High School Track and Field. State Meet Class and overall Champions on the list are noted along with qualifying performances athletes recorded in high school competition during their prep career. In order to be fair to the athletes, performances on this list were set in state sanctioned meets or nationally recognized meets (indoor performances are identified). Season performances before and after the State Meet are included to keep those of boys and girls consistent with each other. Performances listed on Bound, Track & Field News, Dye Stat plus other verifiable record keeping groups such as the Drake Relays and other national meet administrations, through June 30 of each year. (per NCAA guidelines)
- * The IHSAA State Meet went from yards to meters in 1978 when Drake University reconstructed its facility. The same year a fully automatic timing (FAT) system was used for the State Meets held at Drake.
- * Performances that follow are the times recorded, regardless of weather conditions, unless the record keeping group has a minimum wind reading. No plus or minus .24 is used since that factor is only for seeding and not for record purposes or all-time best consideration.
- * This document was revised from the IHSAA 2012. Previous all-time best list that included converted times from yards to meters, whether hand held or fully automatic had been used. That list was generated from work by Mike Henderson and Bud Legg prior to 2005 and continued by Legg at the IHSAA and Jason Eslinger for the IGHSAA. Today, metric and yardage times are listed separately for running events. The yardage best performances (with no conversion to metric) can be found in a section starting on page 34. The best performances of discontinued events are also included.
- * The 100-yard dash and 100 meters have always been separated due to concerns of what was a fair conversion time. Conversion of times has changed over the years, thus making their accurate application difficult. In order to historically preserve the excellent linear performances, and after reviewing documentation of different entities relative to converting times, the IHSAA decided in 2012 to separate the top metric and yardage performances.
- * The lists include an individual's all-time best only once even though he may have additional performances that would qualify. A school's best in a relay event that meets the standard is listed by the fastest in a year, since different personnel may have been used.
- * Times listed in tenths are hand-held and have been rounded up to the nearest tenth. Those displayed in hundredths are fully automatic times. Underlined Performances are for those for the current year.

ALL-TIME BEST LIST IN YARDAGE EVENTS ERAS

Notes: Iowa went from yards to meters in 1978.

Prior to 2012 all-time lists include 220, 440, 880, mile and two miles runs performances along with 440, 880, mile, two mile and mile medley relays in mixed hand-held and fully automatic times and the FAT lists included conversions to metric equivalents. Those converted times are no longer displayed.

Performances listed below are those run in the year listed – no conversion formula has been applied.

Performances that were State Meet Records in yards are noted in this yardage section. **Relays with a chute start** are not allowed for record consideration.

The list that follows contains the names of relay runners of State Champion teams in each class. Schools involved can send spelling or athlete corrections to Bud Legg @ nsbc03@mchsi.com
